

SEMI-WEEKLY ENQUIRER.

ROBBERS SHOT.—On the 3d ult., says a dispatch dated from Hank's Station, Lake Valley, of that day, three desperadoes named Faust, Detell and St. Clair, who had started out on a robbing expedition on Monday and Thursday of last week, and who had plundered several houses on the road, were overtaken by the Sheriff of El Dorado county, and a posse, on the 3d, who laid in ambush until the robbers came up at a point in the road near Osgood's house. About 11 o'clock the robbers came up, all armed with rifles. Hume ordered them to stop, whereupon one of them fired, the shot taking effect in the fleshy part of Hume's arm, though not hurting him seriously. Hume then ordered his men to fire. When the smoke cleared away they found two lying—one dead and the other not hurt. The third one they saw fall on the bridge, and until this morning supposed him to be in the creek, but found that he had recovered, crawled under the bridge and had stayed there until all were in the toll house when minus two coats, he started back towards Placerville.

PARISIAN LEMONADE.—We were yesterday presented by Mr. H. N. H. Brown, the traveling agent for the article, with a sample box of Crystals de Paris, or Parisian Lemonade, manufactured by Wiedmann & Wengeroth, Sacramento. It makes a delightful summer drink, and we recommend it to those who travel in hot weather.

BALL.—There will be a social ball given at King's hotel, Tahoe city, on the evening of the 14th instant. This presents a good opportunity to pleasure-seekers to enjoy the wild and romantic scenery of the mountains and participate in the grand social gathering of the people from two States—Nevada and California. The ball will be under the management of Mr. J. D. Pollard, the popular landlord of the Donner Lake hotel.

MEADOW LAKE ITEMS.—We gather the following from the Meadow Lake Sun of the 3d inst.:

A more pleasant place cannot be found than Meadow Lake. The climate is cool, and the water the best in the mountains. There are large, commodious, well furnished and well kept hotels and everything which a visitor can desire, to be found here. The scenery is beautiful. We were talking a day or two ago with a gentleman who had visited all the great places of summer resort in the East, and in the Pacific States, and he said that this, during the warm months, was the most charming spot that he has seen on the continent.

We understand that Rodert Howland, who went East last Fall, is on his way out from New York, with a first-class quartz mill for the New Jersey Company's claim, which he expects to put in running order before next winter. The New Jersey claim, we believe, was originally located by Mr. Howland as the Cayuga Chief, from which we have seen several rich specimens of gold quartz. He is an energetic young man and has our best wishes for his success.

We have been having splendid showers of late, making the air fresh and cool. While in the valleys and at the foot-hills the heat is unendurable, here we are having delightful weather. The breezes are bracing and invigorating. Every one from below is delighted with the climate here, and several parties who have been here on business and returned, intend coming back again to enjoy a few weeks of Summer life in Excelsior.

NEW WAY OF ELECTIONEERING.—Wm. D. Everhart in announcing himself as an independent candidate for the office of County Clerk of Trinity county makes the following proposition to the voters:

The Clerkship of Trinity county must be a "big thing." Wonder if some of the candidates for the good paying offices in this county could not be induced to make a similar offer for the benefit of our Common Schools? Come out, gentlemen, but don't all speak at once.

SINGULAR CAUSE FOR A SHOOTING AFFRAY.—A dispatch from Austin, Reese river last Saturday, says that a singular shooting affair occurred here about half-past eleven o'clock last night, which will probably terminate fatally to one of the parties. The difficulty occurred between two men named Sam. Vance and Thomas A. Carberry, better known as Irish Tom, who had been very friendly, but who had quarreled with Vance, who entered the Bank Exchange saloon, and seeing Irish Tom standing outside, he asked him to drink with him. The latter refused, saying he had enough. Vance replied: "If you don't drink, I'll take a shot at you," and drawing a deringer pistol, he fired at but missed him. Irish Tom instantly drew his revolver and fired at Vance, but the ball missed him and lodged in the jam of the door. Vance was caught by officer Marshall as Tom fired the second shot, and the ball took effect in the lower part of the abdomen, and inflicted a dangerous, if not a mortal wound. Irish Tom was arrested and taken to the Station House where he awaits examination, which has been deferred by the District Attorney until the result of the shooting is known.

MORE PUBLIC OPINION.—The Woodland News says:

The Sacramento Union having "played out" the "local correspondence" business, is trying a new method for arriving at the state of public opinion regarding the political issues of the day. A man is employed to go about the whisky-shops of the city, and take a vote of the lunch-eaters and bummers. Gorham is always in the minority!

"JES' SO!"—"EXACTLY!"—Solon Shingle said; they were there "every time." If he felt "owley" in the morning, he took Plantation Bitters; if he felt weary at night he took Plantation Bitters; if he lacked appetite, weak, languid, or mentally oppressed, he took Plantation Bitters, and they never failed to set him on his pins square and firm.

A few bottles of PLANTATION BITTERS
Will cure Nervous Headache.

"Cold Extremities and Feverish Lips,
"Sour Stomach and Fetid Breath,
"Flatulency and Indigestion,

"Mental Despondency,

"Sallow Complexion, Weak Bowels, &c.,
which are evidences of

Liver Complaint and Dyspepsia.
After a long research, we are able to present the most pleasant, the most remarkable cure for those horrid nightmare diseases, the world has ever produced. Within one year over six hundred and forty thousand persons have taken the Plantation Bitters, and not an instance of complaint has come to our knowledge!

It is a most effective tonic and agreeable stimulant, suited to all conditions of life.

The report that it relies upon mineral substances for its active properties are wholly false.

The original quality and high standing of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a poor article cannot be sold as low as a good one, they find some support from parties who do not care what they sell. Be on your guard. See our private stamp over the cork.

LYON'S KATHAIRON.

It is a most delightful Hair Dressing. It eradicates scurf and dandruff. It keeps the head cool and clean.

It makes the hair rich, soft and glossy. It prevents the hair turning gray and falling off. It restores the hair upon prematurely bald heads.

This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the carload, and yet its almost incredible demand is daily increasing, and there is hardly a country store that does not keep it, or a family that does not use it.

E. THOMAS LYON, Chemist, N. Y.

LYON'S EXTRACT GINGER.

LYON'S EXTRACT OF PURE JAMAICA GINGER.—For Indigestion, Nausea, Heartburn, Sick Headache, Cholera Morbus, Flatulency, &c., where a warming stimulant is required. Its careful preparation and entire purity make it a cheap and reliable article for culinary purposes. Sold everywhere at fifty cents a bottle. Ask for "Lyon's Pure Extract." Take no other. See that the private U. S. stamp of Demas Barnes & Co. is over the cork of each package.—None other is genuine.

MUSTANG LINIMENT.

Have you a hurt child or a lame horse? Use the Mexican Mustang Liniment.

For cuts, sprains, burns, swellings and caked breasts, the Mexican Mustang Liniment is a certain cure.

For rheumatism, neuralgia, stiff joints, stings and bites, there is nothing like the Mexican Mustang Liniment.

For spavined horses, the poll evil, ringbone and swellings, the Mexican Mustang Liniment never fails.

For wind galls, scratches, big-head and splint, the Mexican Mustang Liniment is worth its weight in gold.

Cuts, bruises, sprains and swellings are so common and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made.

It is more certain than the doctor—it saves time, sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.

"In lifting the kettle from the fire, it tipped and scalded me terribly." * * * The Mustang Liniment extracted the pain and caused the sore to heal rapidly, and left very little scar.

Mr. S. Litch, of Hide Park, Vt., writes: "My horse was considered worthless, (spavin) but since the use of the Mustang Liniment I have sold him for \$150. Your Liniment is doing wonders up here."

Any genuine is wrapped in steel plate engravings, signed G. W. Westbrook, Chemist, and also has the private U. S. stamp of Demas Barnes & Co. over the top. Look closely. Sold by all Druggists at 25, 50 cents, and \$1.

LYON'S FLEA POWDER.

DEATH TO FLEAS.—It is well known that Lyon's genuine Magnetic Powder will perfectly destroy everything in the shape of Fleas, ticks, bed-bugs, roaches, &c., &c. that it is perfect poison to the insect tribe, but entirely harmless to the human species and domestic animals. The genuine has the signature of E. Lyon, and the private stamp of Demas Barnes & Co. Anything else of this kind is an imitation or counterfeit. Any Druggist will procure the genuine if you insist you will have no other.

THIS CELEBRATED INSTITUTE

has enjoyed on this coast an uninterrupted success of fourteen years, and has been the only one of the kind in the United States. What the celebrated Lock Hospital is to London, and the no less renowned St. George's Hospital is to Paris, this Institute is to the Pacific Coast. The thousands annually relieved and cured place it in point of number of patients among the very first of the world, and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES AND FEMALE. These diseases are the great destroyers of health. They insidiously attack the system, and gradually undermine and destroy it: they drive the blood from the face, the lustre from the eye, the strength from the frame; they give to the world many a diseased offspring, and poison, through successive generations, the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Paralysis, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venereal Poison. The mildest forms, by retreating to the blood, hold over the infected one the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, does his damage. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures

that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future, with a virulence that will battle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES OF THE URINARY ORGANS enable to detect at once the nature of the disease.

In all cases entrusted to the Doctor's care, PERFECT, SPEEDY AND PERMANENT.

Cures are Always Guaranteed.

In syphilis and its adjuncts; Gonorrhoea and its accompanying diseases; and all diseases of the Bladder, Kidneys, and Prostate; Seminal Weakness, Diseases of the Heart and Lungs; Dyspepsia, Indigestion, Impotency; Incipient consumption, and all diseases of the urinary organs, in either sex, cure always warranted. NO PAY REQUIRED, at the

Private Medical Institute,

No. 530 Washington street, San Francisco, Cal.

Seminal Weakness or Spermatorrhoea.

The young man who experiences that growing weakness in his muscular and mental organization would stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion, maculae fading of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and restless dreams, accompanied by growing weakness, loss of muscular power, and numerous other symptoms of disorganization, the positive traces of that most terrible and destructive of all diseases, Seminal Weakness, which is breaking away his powers, destroying his hope of life and health, and dragging him along the broken path of his existence towards a premature and loathsome grave. To him who reads this life of debility, out in the discharge of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief. Marriage, that holy office, so signified and hope of manhood, brings to such one no hope of cure, but adds to his misery in the knowledge that the one who looks to him for so much of her happiness, is a victim to his evil, and an innocent companion of his punishment. He adds to the misery and disorder until hope leaves him. There is no rescue except in proper and skillful treatment. Consult then, at once, a physician whose long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which kills thousands of sick-room with paralytics and consumptives, and hundreds of untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself. To such he offers all the assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the inquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends to the confidence of the community? The Doctor understanding how laboriously necessary these requirements are, feels called upon to interpose, and bring the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose society they can have the confidence that is placed in the corresponding Agents. None genuine unless procured at this office.

Sent by Mail or Express, to any part of the State, The GREAT FEMALE MEDICINE! PREPARED BY F. JOSELYN, FOR MARRIED LADIES. New, Safe and Infallible, lasting from four to six months. Price, \$10. Pouch Lassar, or Female Monthly Pills, for suppression. After fifty years of use these Pills stand unrivalled in efficacy. Price \$3 per box.

To Correspondents.

Patients residing in any part of the State, however distant, who may desire medical advice on their respective cases, and who think proper to submit a written statement of such in preference to holding a personal interview, are assured that their communications will be held most sacred. All letters must be addressed to the corresponding physician, thus:

PRIVATE MEDICAL AID.

QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S

Private Medical and Surgical Institute

Sacramento Street, below Montgomery, opposite the

Pacific Mail Steamship Company's Office. Private

entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and

scientific medical aid in the treatment and cure of

all Private and Chronic Diseases, cases of Sec-

recy and all Sexual Disorders.

TO THE AFFLICTED.

Dr. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that his constant aim has been to institute for the cure of chronic diseases, such as Leucorrhoea, Gonorrhoea, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Scrofula, Gleet, Stricture, Hemorrhoids, Sequences of self-abuse, and all the horrid consequences of the Blood, such as Eruptions, Skin Diseases, Nocturnal and Diurnal emissions, Sexual Disability, Diseases of the Back and Loin, Inflammation of the Bladder, and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public patronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, fees (his patients in a correct and honorable way, and his standing in society, as a respectable and high standing in society, as a physician consulting him by letter or otherwise, will receive the best and gentlest treatment, and in-patient service.

Dr. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their indebtedness to him. It will be seen that his statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity, and in the name of humanity, I venture to publish them, and in the name of humanity, I venture to publish them, and in the name of humanity, I venture to publish them.

Dr. DOHERTY—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgment for your valuable services—particularly as your fee was small, for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of disease, complicated with Stricture. Being a stranger in this city, and knowing that Doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever cured me of my disease. My Gleet is wholly cured. The Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunate who require medical advice, if you have any doubt as to whom you may employ, ask Dr. DOHERTY for my address and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease I used a large amount of the preparations of Sassafras, and in the later stages of Gonorrhoea, Gleet, etc., but never derived any benefit from them.

I am, Doctor, very truly yours,

Seminal Weakness—A Sworn-to Certificate of a

most Remarkable Cure of Spermatorrhoea.

A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. DOHERTY, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhoea," or Seminal Weakness, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience. In that year however, I contracted Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptoms as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was affected to such an extent as to render my memory almost useless. My ideas were confused and spirits depressed. I was averse to society, had evil forebodings and self-doubt, and was unable to perform any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars, but in no instance obtained a temporary relief. I had almost concluded there was no relief for me in this world, but seeing Dr. DOHERTY'S advertisement, I thought I would call and see him, as he charged but a small fee for consultation, and I was determined to try him, though I did not expect much benefit from him. On the 5th of December last I placed myself under his care; in one week I found myself very much improved, and, now, after five weeks' treatment, I feel myself thoroughly cured of all my troubles and in the enjoyment of the best health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself

To Females.

When a female is in trouble or afflicted with disease, the inquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends to the confidence of the community? The Doctor understanding how laboriously necessary these requirements are, feels called upon to interpose, and bring the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose society they can have the confidence that is placed in the corresponding Agents. None genuine unless procured at this office.
